Projects

FoodHub [\[Link\]](#)

A community food sharing website facilitating the exchange of free food items within local communities. Users can share surplus food items or request food from others in need, fostering a sense of community and reducing food wastage.

AsiaWander [\[Link\]](#)

An online platform dedicated to showcasing popular tourist spots across South Asia. Users can explore various destinations, view photos, read reviews, and plan their trips conveniently.

Real Estate [\[Link\]](#)

Designed and developed a real estate website catering to property buyers, sellers, and renters. Implemented features such as property listings, search functionality, interactive maps, and contact forms to facilitate seamless transactions in the real estate market.
